

# DGS CONTOUR CONSOLE

(DUTY GEAR SAVER)

## FORD PI UTILITY 2020+

### Installation Instructions

425-6703

1. Unscrew lower OEM trim. Keep hardware for Max Depth Contour Console.
2. Remove lower OEM trim by disconnecting the 12v Power, USB, Parking Brake and Rear Air Control for relocation into the Max Depth Contour Console.
3. Remove the factory OEM front and rear 10 mm nuts holding the OEM Cover Plate in place.
4. Remove Cover Plate from vehicle. It will not be utilized.

5. Attach the Rear Mount Bracket to existing studs with provided hardware.

6. Remove D/S front OEM 10 mm screw and attach D/S Front Bracket.

7. Attach the P/S Front Bracket by detaching the OEM Radio and moving it to the left. Secure the bracket under the mounting tabs of the air duct mounting point to the stud with previously removed 10 mm nut.
8. With the radio moved aside secure the front hole with provided self-drilling screw.
9. Replace radio.

10. Position the Console into the vehicle aligning the mounting points on the Rear Mounting Bracket and to the OEM Dash Structure.
11. With Provided hardware secure the Console to the previously attached Front and Rear Mounting Brackets and to the OEM Dash Structure with OEM screws.  
(4 points for Max Depth Contour Console with OEM hardware; 7 points using provided hardware.)
